CAMBRIA

DIGITAL CONTENT

TECHNICAL INSTRUCTIONS

OVERVIEW

Digital content allows Cambria® partners to feature Cambria content on their websites so their customers can see all the designs, inspiration images, 10 Reasons, and edge profiles options.

HOW TO

Links to the digital content currently available from Cambria are listed below. We've also included instructions for adding the content to your website code. Please consult with your web development staff as they may have additional ways of adding the digital content to your website.

CONTENT AVAILABLE

1. **CAMBRIA REASONS:**   https://www.cambriausa.com/syndicated-content/Syndicated-Reasons/

2. **DESIGN PALETTE:**   https://www.cambriausa.com/syndicated-content-design-palette-2020/

3. **INSPIRATION GALLERY:**   https://www.cambriausa.com/syndicated-content/inspiration-gallery3/

4. **EDGE PROFILES:**   https://www.cambriausa.com/syndicated-content/Edge-Profiles/

5. **CAMBRIA VIDEOS:**   https://www.cambriausa.com/syndicated-videos/

CONTENT CODE

Create a page on your website for the content section to be displayed. For example: www.dealerwebsite.com/designs. On each page created, add the corresponding HTML code:

CAMBRIA REASONS:
```
<!--START CAMBRIA SYNDICATED CONTENT-->
<iframe src="https://www.cambriausa.com/syndicated-reasons/#!/" width="100%" height="2567px" frameborder="0"
></iframe>
<!--END CAMBRIA SYNDICATED CONTENT-->
```

2020 DESIGN PALETTE:
```
<!--START CAMBRIA SYNDICATED CONTENT-->
<iframe src="https://www.cambriausa.com/syndicated-content-design-palette-2020/" width="100%" height="1000px" frameborder="0"></iframe>
<!--END CAMBRIA SYNDICATED CONTENT-->
```

INSPIRATION GALLERY:
```
<!--START CAMBRIA SYNDICATED CONTENT-->
<iframe src="https://www.cambriausa.com/syndicated-content/inspiration-gallery3/" width="100%" height="1000px" frameborder="0">
<!--END CAMBRIA SYNDICATED CONTENT-->
```

EDGE PROFILES:
```
<!--START CAMBRIA SYNDICATED CONTENT-->
<iframe src="https://www.cambriausa.com/syndicated-content/Edge-Profiles/" width="100%" height="1000px" frameborder="0"></iframe>
<!--END CAMBRIA SYNDICATED CONTENT-->
```

CAMBRIA VIDEOS:
```
<!--START CAMBRIA SYNDICATED CONTENT-->
<iframe src="https://www.cambriausa.com/syndicated-videos" width="100%" height="3500px" frameborder="0"></iframe>
<!--END CAMBRIA SYNDICATED CONTENT-->
```

To adjust the width and height of the iFrame content on your website, change the pixel dimensions within the HTML code. Please note, when width="100%" in the HTML code, the digital content will fill the entire horizontal area of the web page.

PLEASE NOTE

These instructions should work for most Content Management Systems. Please consult with your design/development team regarding the implementation.

If you have questions, please contact Collin.Jergenson@CambriaUSA.com.
